

## ECT\* COMPUTERS

### COMPUTING STAFF:

Name		E-mail	Extension number	About	Presence at ECT*
Gianni Fattore	Sys. Admin.	<a href="mailto:fattore@ect.it">fattore@ect.it</a>	- 740	Administration and Research	Morning
Barbara Currò Dossi	Sys. Admin.	<a href="mailto:barbara@ect.it">barbara@ect.it</a>	- 744	Workshops and Research	Morning + Afternoon
Domenico Gonzo	Hardware Multimedia	<a href="mailto:gonzo@ect.it">gonzo@ect.it</a>	- 743	Any	Afternoon

The following information regards only the network for the Guests

Upon your arrival you will be assigned a **password** (which we recommend you to change as soon as possible) and a **login**:

- to use the account on the local ECT\* computers
- to browse Internet sites from both the local computers and your laptop

### YOUR LAPTOP

You can use the cable on the wall to connect:

- the Ethernet card
- the WIFI connection.

### NOTE FOR MAC USERS:

Due to a bug in MAC-OS X, proxy authentication credentials are not stored correctly. Browsers relying on this system parameter do NOT work. Please use browsers like Firefox or others which have their own settings.

As an example, the following URL reports one possible workaround.

[forums.macosxhints.com/archive/index.php/t-39875.html](http://forums.macosxhints.com/archive/index.php/t-39875.html)

### NAVIGATION:

- set up the proxy as “proxy.wks.ect.it” and its TCP port, “3128”
- login as “WKS\<your login>” and type your password

### PRINTERS:

- If the operating system on your computer is **Linux**, you can detect the printers using CUPS
- If you are using **Windows**, you should install the printer driver

### Black&White Printers

- 1) laserwk1 , Xerox N2125 , IP: 192.168.21.247  
near the lecture room on Ground Floor
