

PHONES

You are welcome to use the ECT* telephone in your office (dial 0 to get the line) using a prepaid phone card (*scheda telefonica*): you can buy them in any *tabacchino* (the shops with a black and white T sign outside). Tear off the corner of the phone card to activate it.

For calls within Trento, as well as calls to other cities within Italy, you must dial the local area code (0461 for Trento) followed by the number. For international calls, dial 00 + country code + local area code + local phone number.

All the Italian phone numbers beginning with the prefix 800 are toll-free. To reach an international operator to make a collect call, dial 170. To ask for a specific telephone number or address, call 892412 (you may ask for an English-speaking operator) or check www.paginebianche.it
